BURGMAN 400 COMING SOON

You want to look your best, whether commuting to work or enjoying a ride with a special person on your own time. You want your ride to handle and perform well, while also reflecting your keen sense of style. The BURGMAN 400 delivers on all fronts. It's ready to turn heads on the streets. It's equipped to carry you wherever you want to go, and to do it in style. It's the Elegant Athlete.

KEY FEATURES

Like a top athlete in peak form, the BURGMAN 400 is lean, toned and ready to perform optimally, even on narrow, twisty, or congested streets. Not only are its front and rear end slimmer, sharper and sexier than ever, this BURGMAN remains true to its family name by offering fine style that will turn as many heads out front of the office as it will in front of your favourite café or out on the road.

The slim, elegant styling of the new nose features sharply styled dual LED headlights with integrated LED position lights and turn signals mounted beneath. The overall effect creates a cleaner and lighter looking front end that is instantly recognizable as belonging to the BURGMAN family.

The slim new rear of the BURGMAN 400 features independent LED rear combination lamps with the turn signals at their tips. It's a sharply sculpted design that expresses elegance and agility.

Large, easy-to-read analogue speedometer and tachometer dials flank a digital display that shows an odometer, dual trip meters, fuel gauge, coolant temperature indicator, average fuel consumption meter, ambient temperature indicator, freeze indicator and clock. Also included is Suzuki's Eco Drive Indicator, which come on when the vehicle is operated in a fuel-efficient manner and may help riders learn techniques to better economise on fuel.

KEY FEATURES
