Monte Bianco

THE LEGEND 2.0

The Primavera is a quintessentially Italian creation and it's thanks to this product that Vespa grew into a global phenomenon. An icon of style and freedom, it spread round the world and has become a unique hero of design for the young.

The Vespa Primavera is a legendary and manageable scooter with detailing and colours that are perfectly in-line with international fashion trends, and technology that is sensitive to environmental concerns. A vehicle that's ideal for the fast and frequent reality of metropolitan mobility.

GREEN TECHNOLOGY

In terms of quality and safety, the technology in the Vespa Primavera marks a leap forward compared to current "small body" models. The new front suspension with the shock damper hinged to the base, 11" wheels, new digital instrumentation including a trip computer, LED daylights and tail light (on the 125 and 150cc) and a full range of engines that improve consumption and reduce emissions are all good for our planet too!

Technical Specifications

Vespa Primavera 50cc 4-Stroke

Fuel consume
39km/l
at constant speed of 40 km/h

Top speed
55Km/h

Engine
Euro 2

Engine
7lt

Vespa Primavera 125cc 4-Stroke

Fuel consume
**42 km/l (ciclo
WMTC)**

Top speed
91 km/h

Engine
Euro 4

Fuel tank capacity
8 lt

Vespa Primavera 150cc 4-Stroke

Fuel consume
**42 km/l (ciclo
WMTC)**

Top speed
98 km/h

Engine
Euro 4

Fuel tank capacity
8 lt
